TO DEDICATE S.S. ADDITION

Emmanuel's Evangelical and Reformed Church, Abbottstown, Rev. A. C. Rohrbach, pastor, will hold dedication services for its new educational facilities Sunday at 10:15 a.m. The dedication speaker will be the Rev. James Moyer, president of Mercersburg Synod of the Evangelical and Reformed Church.

The service comes after eight months of building and renovating at a cost of \$36,000. The project was largely for educational purposes and includes the addition of a 30-foot structure to the original building. This allows room upstairs for a Kindergarten and Nursery department, and departments for the Primary and Junior Children. The structure downstairs joins with the large Sunday School room, and provides a Youth and an Adult department. The downstairs which was completely renovated may also be used as a social room. A new heating plant was installed throughout the church; the kitchen was renovated and modernized, and adequate lavatory facilities have been provided throughout. Other additions include new sidewalks and a large paved parking area.

This is the third major building project by the congregation in the last sixty years. In 1931 the church was modernized, and a new basement dedicated in 1937. In 1949 the Sanctuary was remodelled and beautified, a pipe organ installed, and the whole re-decorated.

The present building was dedicated in 1896 and cost \$7,000.

\$115,402 Given To Hospital

SEPARATION OF CHURCH, STATE CALLED STATUS

Speaking to 75 graduates, their parents, and friends at commencement exercises of Mount St. Mary's College, Emmitsburg, today, Governor Theodore R. McKeldin of Maryland deplored misunderstandings that have arisen with regard to the ideas of the separation of Church and State as a "tyranny of words."

"The phrase, 'separation of Church and State,' Governor McKeldin said, 'is its legitimate dictionary meaning is completely neutral. It implies no sort of emotional attitude on the part of either Church or State toward the other. It describes a status, and nothing more."

"But an astonishing number of people are not content to leave it at that. They insist on reading it as 'antagonism of Church and State,' and will not allow that a man can accept the doctrine without taking sides and becoming the antagonist of one institution or the other. Against that particular tyranny of words I am in open rebellion; I believe in separation of Church and State precisely because they are not antagonists and cannot be made so without perversion of the fundamental tenets of both religion and of Americanism."

"Detriment of Religion"

"Separation of Church and State is the great bulwark of the rights of minorities, and every religious communion in this country is a minority. All of them taken together constitute a bare majority of the whole population, and any one, taken separately, is heavily outnumbered; hence any interference by the State in behalf of one would work injustice on a larger number than it benefited. The State is forbidden to interfere because its interference would operate to the detriment of religion."

"Too often, when we read the (Continued On Page 3)

Tragic Deaths Set New Record

By THE ASSOCIATED PRESS

Belated reports of accidental deaths during the Memorial Day weekend ran the already record toll still higher today.

Final tabulation today for the period between 6 p.m. Friday and midnight Monday showed the totals were 369 in traffic accidents, 131 drownings and 96 in miscellaneous accidents.

2 VETS' GROUPS ENDORSE FLAG CAMPAIGN HERE

John Crow, president of the Gettysburg Junior Chamber of Commerce, today announced that the Legion and VFW posts had endorsed their "Put The Flag Out Front" campaign in which the Jaycees plan to make a door-to-door canvass to sell American flag kits "so that each family will have a flag to fly on Flag Day, June 14."

Crow said the campaign will be conducted June 6, 7, 8 and 9 but that the kits are available at the present time at the \$3 price by calling 175 or 332-X.

He said that a recent survey showed "most householders in the community do not own American flags. When our organization first investigated this project we were aware that our American flag was being displayed less and less each year, but we never fully realized the lack of interest in recent years toward displaying our national emblem. We of the Junior Chamber of Commerce feel that it is important to display the American Flag as a reminder of the blessings of our democratic form of government and free enterprise system."

Harold Brown is chairman of the committee in charge of sales. Door-to-door sales managers include Robert Albright, Donald Cordell, John Riddle and Donald Ueber; supplies chairman, John Welschonec, and Paul Neuschwander; treasurer, Magnus Flaws Jr., and publicity, Donald Becker.

Dead Slayer Of 3 Told Cops Bank Prexies Are Foes Of God

DAYTON, Ohio (AP)—The Lord told me that banks and their presidents were the adversaries of God.

That statement, babbled by dying Richard Meyers, was one of the few clues police had today as they sought to determine why the 47-year-old man shot and killed wounded three others in two centrally located Dayton banks.

Meyers, whom police called a "religious fanatic," walked into the Third National Bank about 10 a.m. yesterday and began spraying bullets around with a 9 m.m. foreign-made pistol.

He then sprinted next door to the Winters Bank, where he wounded a guard and a bank executive before three policemen cut him down in a hall of bullets.

Lived Three Hours

Eight slugs were found in his body. He died almost three hours later as he babbled incoherent, religious-sounding phrases.

The toll of dead and wounded, left as an aftermath of Meyers' mind-morning shooting spree, looked like this:

\$1,000 Damage Today To Home By Flames

Damage estimated at \$1,000 was caused to the home of Mr. and Mrs. Victor E. Stoner along the Harrisburg Rd., two miles south of York Springs, when it caught fire about 10:30 o'clock this morning.

York Springs firemen responded to a call and checked the flames after considerable damage had been done to a section of the interior and its furnishings. An oil-burner heater in the living room of the home was blamed for the fire.

The Stoners were not home when the fire occurred. Mr. Stoner is employed in Biglerville and Mrs. Stoner in Dillsburg. They are erecting an addition to their home.

Firemen said they did not know who discovered and reported the fire.

RECOVERS LOST BAG

Miss Anna McSherry, Gettysburg, claimed the blue handbag from borough police Tuesday evening. The bag had been found Monday on Baltimore St.

Glenn C. Bream, 42-year-old president of the Gettysburg Motors, Inc., York Street, and three passengers were instantly killed when Bream's four-place Cessna 170 airplane crashed in an isolated area on the farm of L. I. Krainbrook, Mt. Pleasant R. D., between 6 and 7 o'clock Memorial Day night.

Others killed in the crash during a severe electrical storm were: Mr. and Mrs. Lloyd E. Geiman, of Hanover, and Roy E. Lambert, of Taneytown. All four were flying home from Indianapolis, Ind., where they had attended the annual 500-mile Memorial Day automobile race.

The plane was demolished and the occupants badly battered.

John C. Hostetter, R. 2, had planned to make the flying trip to Indianapolis, according to members of Bream's family, but was unable to do so and Lambert joined the party at the last minute.

Flying In Stormy Weather

Pvt. Skillman, aviation investigator for the State Police, said that the weather was "bad all day and evening" Memorial Day. He said the plane crashed four or five air-miles east of Mt. Pleasant, in Bull Skin Township, Fayette County. He said the wreckage was spotted at 11:15 a.m. Tuesday morning by two airplanes of the State Police and the CAA, one and one-half miles northeast of Green Lick reservoir.

Skillman said that elevation in that area is approximately 2,200 feet, that he did not know whether the plane was struck by lightning, whether the pilot (believed to have been Bream because he is a licensed pilot) was off-course because of the storm, was lost or whether he was doing instrument flying at the time of the crash. The crash was on the west side of the Blue Ridge mountains near Donegal.

After spotting the wreckage, Skillman said the fliers landed and immediately formed a rescue party and that the wreckage was reached at 2 o'clock Tuesday afternoon.

The plane did not catch fire, Skillman said. Experienced fliers said that Bream (if he was the pilot) turned off the ignition when he realized he was going to crash.

Crashed While Headed West

After a further investigation of the crash scene Skillman told The Gettysburg Times at noon today that the plane was headed west when it crashed down the west slope of the mountain. It did not crash into the mountain.

The plane was damaged. The engine was driven back into the left side of the cabin and the landing gear was torn off.

A path of from 75 to 100 feet was cut in the mountain brush to the wreckage to permit driving a truck to the scene to remove the bodies.

The gauge of the gasoline tank indicated three-quarters full. Skillman said, however, that that was not an indication there was that much gas in the tanks. They were burst and empty and the impact of the crash may have changed the reading on the gauge, he said.

Bream was believed the pilot with Lambert in the seat at his right. The Geimans were in the rear seats.

Plane Was Crushed

The plane was heard to crash and police were notified.

After it had been spotted and a rescue party started on foot toward the wreckage, it was reported that they had to hack their way through dense woods with a bulldozer before they reached the bodies.

Castle Pyle, a newspaper photographer, said the plane was smashed "like a tin can that had been stepped upon."

Police said Bream and one of the passengers had been thrown from the plane and that another passenger was hanging out a window or door and the fourth was in the cabin.

Turn Out Airport Lights

When Bream's plane failed to appear, the lights were extinguished. Strohmeyer said he thought Bream had stopped overnight because of the lateness of the hour. Strohmeyer explained that the Cessna would have had to make a refueling stop enroute home. Mrs. Bream called the airport Tuesday morning, also with the belief that her husband and his passengers had stopped enroute.

First word of the crash reached police in the Uniontown area when Mrs. LeRoy Kreinbrook, on whose property the crash occurred, heard a plane fly over but could not see it. Carl Snyder, also a resident of that area, heard what he thought sounded like an explosion.

Father Killed in Car Mishap

Tuesday, C. B. Carroll, Latrobe airport operator, and state police in their planes began the search for the crashed ship.

LeRoy Kreinbrook drove his truck to the wreckage and removed the bodies to the Burhans Funeral Home at Dunbar, operated by the coroner of Fayette County, J. P. Burhans, and the deputy coroner, P. Todd Burhans. The deputy coroner identified the bodies.

33 LICENSED

Thirty-three marriage licenses were issued in Adams County during the month of May, according to figures released by the clerk of courts. This compared with a total of 24 for May of 1954, and marks the highest monthly total in recent months. It brings the total number of licenses issued during 1955 to 105, as against 102 issued during the first five months of 1954.

Was Veteran Pilot

Mr. Bream had been flying for about 15 years, and was described by his friends here as "an excellent pilot."

Two Are Injured In York Springs Crash

Damage totaled \$1,900 when a car and truck collided Tuesday morning at the York Springs intersection, state police said today.

Leonard Leon McCartney, 21, Hagerstown, Md., paid a fine and costs before Justice of the Peace F. E. Coulson, York Springs, on a charge of failing to halt at a stop sign. State Police preferred the charge against McCartney, after, they said, he failed to stop at the intersection of the Hanover-York Springs Rd. with the Gettysburg-Harrisburg Rd.

The truck driven by McCartney was headed west and collided with a car driven by Leo H. Rich, 53, of Scarsdale N. Y., headed south on the Harrisburg Rd. Rich and his sister-in-law, Mrs. Elsie Rich, of Philadelphia, received lacerations and were treated at the Warner Hospital here.

Menges said that no soliciting will be done Thursday night. Instead, the firemen will meet at 7 o'clock at the engine house to attend the viewing of Isaiah P. Stotler, one of their members, who died suddenly Monday afternoon.

Zettle Gives Advice About Strawberries

County Agent Frank S. Zettle said today that strawberry growers who can delay the harvest of their crop and who are having a problem with rot may use two pounds of Captan per 100 gallons of spray to halt the fruit damage.

Despite dry weather rot has made heavy inroads on the strawberry crops he said and for many growers, who are harvesting now, nothing can be done to halt the damage, because of the danger of residue. But those growers who are facing severe losses from rot, and can delay picking until after there is no danger of residue from the spray the captain is recommended.

"BIRDS AND BEES"

Onward over field and stream
... go the birds and bees
... traveling like rocket ships
... riding on a breeze
... vaulting hill and emerald dale
... with the speed of light
... resting where sweet flowers grow
... sleeping in the night
... laborers are birds and bees
... busy through each day
... going here and going there
... seldom do they play
... building homes and gathering
... food to raise their young
... creatures doing godly work
... still and all unsung
... mankind marvels at the things
... fellow men pursue
... but it's nigh on time that we
... give credit where it's due
... so, when it is opportune
... we should try to please
... telling the inquisitive
... about the birds and bees.

SEPARATION OF

(Continued from Page 1)
First Amendment of the Constitution we proceed as far as, 'Congress shall make no law respecting an establishment of religion,' and stop there. We ignore the immense significance of the next words, 'or prohibiting the free exercise thereof.' Yet the second phrase is as binding as the first, and as truly expressive of the attitude of the framers of the Constitution toward religion. They believed that the free exercise of religion is an essential part of liberty and they knew that equal justice under law is impossible of attainment under a regime repressive of the higher impulses of man's nature.

Many Are Betrayed

"It is the tyranny of words, not their legitimate power, that has betrayed many of us into accepting the error that the separation of Church and State implies an element of hostility to religion in the essential American doctrine." Governor McKeldin stressed the necessity of respect for the laws of God and of the state, pointing out that all "genuine education is basically religious" unless it is confined to "scrutiny," excluding all real effort "to understand as well as to see." He noted that

under the impulse of the scientific method of the last three hundred years education has "fostered a materialistic philosophy that excludes the glory of God from consideration."

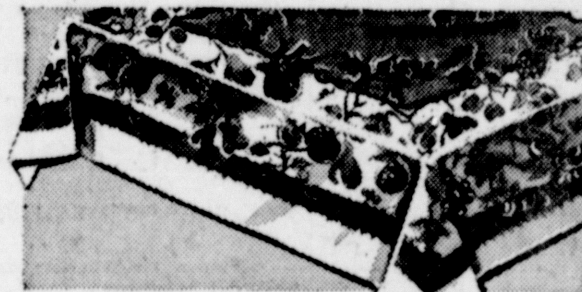

"Education that deliberately and rigorously excluded the religious element has proved to be," said McKeldin, "not the way of life but a one-way street that ends in death. I refuse to call that education in the highest sense. It is merely intellectual training. I admit that it can produce astonishing results, but so can training in acrobatics. I deny that it can produce the highest type of manhood, and I submit that in the present state of the world only the highest type of manhood can hope to lead us safely through the dangers and evils that beset us on every side."

At the commencement exercises Governor McKeldin received an honorary LL.D. degree for his "outstanding record as a public servant." The Most Reverend Francis P. Keough, Archbishop of Baltimore, presided at the graduation. Honorary LL.D. degrees were awarded also to the Most Reverend Jerome D. Hannan, Bishop of Scranton; Rev. Maurice W. Roche, pastor of St. Agnes Church, Baltimore, and Rev. Msgr. Joseph Schmidt, pastor of St. Patrick's Church, Carlisle, Pa., who delivered the baccalaureate address on Tuesday.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times

TWENTY-FIVE YEARS AGO
Hoover Calls On Nation To Go Ahead With Charity Toward All, And Malice Toward None, In Gettysburg Address: President Herbert Hoover called upon the nation to go forward to its tasks "moved by charity toward all, by malice toward none" in a Memorial Day address in the National Cemetery here this afternoon.

Under the cloud-flecked azure vault of the skies, addressing himself to a large throng in front of the rostrum and to a much larger unseen audience throughout the nation and facing the National monument which marks the spot where Lincoln stood to deliver his immortal Gettysburg address, President Hoover called upon his fellow-countrymen to aspire to the virtues and principles enunciated by the martyred Civil War president that this nation may go forward in peace.

"His was the call to moderation," said Mr. Hoover. "We shall be wise to ponder here what precious wealth of human life might have been preserved, what rivers of tears might never have flowed, what anguish of souls might never have been, what spiritual divisions of our people might have been avoided, if only our leadership had always been tempered by the moderation and calm vision of Lincoln."

The latter part of the address was a plea for universal peace. "The things of the spirit alone persist," he said. "It is in that field that the nation makes its lasting progress. To cherish religious faith and the tolerance of all faiths to reflect into every aspect of public life the spirit of charity, the practice of forbearance and the restraint of passion while reason seeks the way; . . . to face with courage and confident expectation the task set before us, these are the paths of true glory for this nation."

Two National Hook-Ups Put President's Address On Air: Two national radio hook-ups carried the message of President Hoover from the national cemetery here to the four corners of the United States and people living in Alaska and Porto Rico.

The two companies providing the national hook-ups were the National Broadcasting Co., which was on the air at 1:45 daylight saving time with the president's address, Governor Fisher's introduction and the music by the Tenth Cavalry Band. The Columbia Broadcasting company also had a national hook-up spreading out from the cemetery. The Columbia chain went on the air at 2 o'clock.

County Girl Wed Thursday: The United Brethren Church at Biglerville was the scene of a pretty wedding on Thursday afternoon when Miss Mildred Elizabeth Roth, daughter of Mr. and Mrs. Clarence Roth, of Biglerville, became the bride of Carl Henry Hildebrand, son of Mr. and Mrs. L. O. Hildebrand, of Baltimore. The Rev. H. B. Reed, pastor of the church, officiated, using the double ring ceremony.

The bride was graduated from the Biglerville high school with the class of 1953 and two years later from the Shippensburg State Teachers College. She has been teaching the primary grades of the Arendtsville vocational school for the past three years. The bridegroom was graduated from the Maryland Institute in Baltimore and from Strayers Business college in York. He is at present employed at the Lake Insulator corporation of Baltimore as assistant purchasing agent.

"Colonel" Scott Dies As Services Are Ending At National Cemetery Here: One hour after the conclusion of Memorial Day exercises here in the National Cemetery Friday afternoon, James K. P. Scott, Civil War veteran, Gettysburg battlefield historian and former hotelier, died at the Warner Hospital. His death occurred at 3:30 o'clock at the age of 86 years.

Mr. Scott, familiarly known as "Colonel," was admitted to the hospital last Sunday afternoon after he had participated in memorial

Today's Talk

ON DOCTORS

I have an especial liking for doctors, though I have used their services sparingly over the years. I worked a part of my way through college by serving two doctors — good ones, too. And I have the fondest recollections of the family doctors that came to our home in my youth. Their cheer and laughter were their best medicine, no matter what the ailment.

I have lived long enough to learn much about many doctors, as well as surgeons. I have many of their books in my library. I have been inspired by the writings of the great Dr. William Osler. I go to doctors as I go to a service station to have my car inspected and serviced each month or two.

It has amused me as the doctor asks me many questions and writes everything down. I am sure that when I am gone he reads much between the lines he has written, for most doctors are shrewd and great students of human nature, though they never let on that they have any such knowledge. They know that they must impress their patients with what they have to offer in service so as to create confidence in these same patients.

The doctors who have helped me most have been those who gave me little medicine and few drugs. The friendly ones have told me that a good percentage of those who call have no ailments except those they have created in their own minds! The great doctor is that one who will teach his patient to have confidence in himself, and forget himself as much as possible. We must live and become nourished, by our work, our joys, and our services to others.

People live longest — and happiest — who refuse to worry and who dismiss all fears from their minds. The mind is a wonderful institution. We have learned but a fraction about its great power, and its ability to guide us usefully and with enthusiasm to our objectives — and who can know the extent of its possibilities?

Tomorrow Mr. Adams will talk on the subject: "Keys"

Just Folks

TOO MUCH

(After a visit to the doctor)
Of meat, too much
I eat, too much
I try to do I play too much.
I'm much too stout,
To find this out,
I sometimes think I pay too much.

I smoke too much,
I joke too much.
Out late at night I stay too much.
At this I know,
But still I go
To hear it said and pay too much.

I tire too much,
Desire too much.
Of pie I put away too much.
But never he
Will say to me:
"For this advice you pay too much."

GOLF COURSE OPENS

On Saturday, Dillsburg's 6,487 yard Range End Golf Course officially opened to the public. This course, the result of the vision and enterprise of Roy W. Smith, Dillsburg, is a full 18-hole layout. Situated on Route 156-B, on the edge of Dillsburg the course boasts two artificial lakes, one holding 1,500,000 gallons of water and the other holding 750,000 gallons which provide added beauty and water hazards for the course. Each green is sand trapped. A beautiful spring water stream flowing through the course helps provide seven water hazards. An underground sprinkling system uses 100,000 gallons of water daily to keep greens and fairways in perfect condition. It was laid out by Jim Harrison, nationally known golf architect. Joe Ludes, formerly of the Harrisburg County Club and Atlanta, is the professional who will be on duty all during the season. W. D. Alexander, general manager of the course and its accessories, reported that par of the new golf course will be 72 for men and 76 for women.

Additional features of the new setup are a two-story clubhouse which features a ballroom, two sun decks, dining area, complete with outstanding food catering service, lounge, snack bar and modern men's and ladies' locker rooms. Also a complete pro shop is maintained. Adjacent to the 50 by 100 foot swimming pool which has a graduated depth of 18 inches to nine feet. The pool is overseen at all times by authorized life guards. Along Route 15 there is also a 250-yard driving range.

HOLD MEMORIAL RITES SUNDAY

Dillsburg Memorial Day services were held Sunday at 2 p.m. at the Dillsburg Cemetery, sponsored by the local VFW. Rev. David Andrews, pastor of the UB Church in Dillsburg, was speaker. The East Berlin Drum and Bugle Corps furnished music for the parade. Other marchers were the Cub Scouts, VFW Drill Team, Boy Scouts, Brownie and Girl Scouts and children of the various local Sunday Schools.

Boyd "Shorty" Rhodes, after residing in Dillsburg for many years, has moved to the Mt. Pleasant area, Dillsburg R. 3. He took his jewelry and clock merchandise and equipment to his new location. Mr. Rhodes has sold the real estate, consisting of storeroom and living quarters to Mr. and Mrs. Clyde King, Dillsburg, who plan to open a teen-age apparel store in the near future, in the vacated storeroom.

Giants Edge Phillies While Dodgers Bow To Pirates And Indians Top Orioles In 13

By ED CORRIGAN
The Associated Press

One of the facts of life in the major leagues is that a team can't win many ball games on four hits. No one knows it better than Manager Leo Durocher of the New York Giants and he's far from happy at the prospect of facing the Western clubs in 12 games starting tonight with the Cincinnati Redlegs.

The Giants eked out a 2-1 decision over the Philadelphia Phillies last night on four paltry hits. Davey Williams broke it up in the ninth with a single, scoring Don Mueller, who had walked and moved to second on a sacrifice.

Not Hitting At Right Time
"The pitching hasn't been too bad, everything considered," said Durocher. "There were plenty of situations in some of our losing games when a hit in the right place would have made the difference."

"But we just aren't hitting—at least we aren't hitting in the right places."

Even the Giants' first run against the Phils was tainted. Pitcher Herman Wehmer tried to pick Sal Maglie off first base and threw wildly. That sent Maglie to second and Whitey Lockman promptly followed with a double, tying the run the Phillies scored in the first.

Dodgers Drop One
The Brooklyn Dodgers dropped a 4-3 decision to the Pittsburgh Pirates. In the only other game on the schedule, the Cleveland Indians pulled to within 2½ games of the New York Yankees by edging the Baltimore Orioles 2-1 in 13 innings.

Bob Friend went all the way on the mound for the Pirates and became the first pitcher of the season to whip the Dodgers twice. He gave up nine hits and was in trouble only in the fourth when Roy Campanella and Sandy Amoros hit home runs. This flurry gave the Brooks a short-lived 3-1 lead which Clem Labine and Ed Roebuck couldn't protect.

Jim Wilson, a tough bird, went all the way for Baltimore and had the power-packed Indians shut out until Dave Philley hit a home run in the ninth to tie it. The only assistance he received in the batting department was Gene Woodling's homer in the third.

Philley set up the winning run in the 13th when he walked. Sam Dente broke it up with a double, giving relief Don Mossi his first triumph of the year. Mossi came on in the eighth after Bob Feller went out for a pinch hitter.

RHODES ADMITS HE'S "LOUSY"

NEW YORK — "I'm just lousy. What else is there to say?" That was Dusty Rhodes, the toast of New York last year, speaking today as he reflected on his paltry .130 batting average.

Pinch hitter extraordinaire, clutch hitter superb, the terror of enemy pitchers. That was the role the New York Giants outfielder played last year as he cut a swath through the National League.

This time around he has been a bust as a pinch hitter—1 for 16 for an .059 average. His over-all mark isn't much better—7 for 45, including a horsecollar in three tries against Herman Wehmer last night. The Giants won the game 2-1 with no help from Rhodes.

"I have no excuses," he said gloomily. "I'm terrible."

But he said there is a slight ray of hope. He's had one comparable batting slump in his career. That was in 1948 with Springfield of the Three-I League. He was sputtering along at a .220 clip in July but finally finished up operations with a .304 mark.

BOB SWEIKERT'S SHARE IS LESS THAN '54 PURSE

INDIANAPOLIS — Bob Sweikert's victor's share of the Memorial Day auto race prize money was \$76,138.63—\$13,358 less than the record total won in 1953 by Bill Vukovich of Fresno, Calif.

"I would gladly give up my first place if Billy were here," Sweikert told the annual awards banquet last night as he accepted the check.

"I feel I lucked into this one," Vukovich, killed Monday when his car crashed and burned after he had led 50 of the first 56 laps, picked up \$29,250 of his 1953 total in lap awards. Sweikert's lap prize money was \$12,900 this year.

The overall 1955 prize divided was \$270,050, a record. This compared to the previous high of \$269,375 last year.

Sweikert received \$46,000 from the Speedway; \$16,275 from a number of auto accessory firms, and \$836.62 as an entry fee prize, as well as miscellaneous smaller cash awards. He also was given the Chevrolet convertible pace car and a number of trophies.

"Rookie Of The Year"
Picked as "rookie of the year" by a committee of sportswriters attending the awards dinner was Al Herman, Allentown, Pa., who drove an elderly dirt track car to 7th place in the final standings.

Herman was given \$500 and a year's supply of meat from an Indianapolis packing house in addition to his regular earnings.

Tony Bettenhausen, Tinley Park, Ill., second among the finishers, won \$30,088.63, while 3rd place Jimmy Davies of Pacolma, Calif., collected \$16,988.63.

BILLY PATTON BEATS BRITON 1-UP ABROAD

ST. ANNES, England — Billy Joe Patton, long-hitting American "Walker Cup" golfer from Morganton, N. C., sank a pair of sensational putts on the 17th and 18th greens today and defeated England's Edward Bromley-Davenport, 1-up, in a second round match in the British Amateur Golf Championship.

The victory sent Patton against a former Walker Cup player, young Ken Venturi of San Francisco and the U. S. Army, in the third round this afternoon. Venturi beat veteran William Tweddell of Scotland, 8 and 5, in the second round.

Patton sank a curling 15-foot putt at the 17th to square the match and then rolled one in from 60 feet for a birdie three on the 18th to win.

Venturi, 24, shot a steady 37 over the front nine of the 6,657-yard, par 35-36-71 Royal Lytham and St. Annes Course for an easy victory.

Didn't Win Hole
The 55-year-old Tweddell, who won the British Amateur in 1927, didn't win a hole. He was five down at the turn and dropped the 11th. The rest were halved.

Another American serviceman, Bert Weaver of Beaumont, Tex., advanced with Venturi. Weaver, stationed in England, defeated St. J. Fox of England 3 and 2. Although he lost the first hole to Fox's birdie two Weaver never was in trouble as he kept his shots straight and played a steady round.

For the first time since the tournament began Monday, a breeze sprang up today and there was a possibility of a blowy afternoon. Warm, bright sunshine again greeted the opening of play.

Floridan Favored
Second round matches in the lower half of the draw were scheduled this morning, followed by the entire third round this afternoon. On the basis of yesterday's upper-half matches, 20-year-old Don Bilspringhoff of Orlando, Fla., took on an important role.

Most British golf writers rated him the choice to win the 60th British amateur, but the young Floridan faced his toughest round today. He tackled Ian Caldwell, one of Britain's two winners in the recent Walker Cup matches.

Nineteen Americans remained in the field of 96 golfers eyeing the championship to be decided on Saturday.

Walker Cup players still in the tournament are Bruce Cudd of Portland, Ore.; Dale Morey, Indianapolis; Joe Conrad, San Antonio, Texas; Jim Jackson, St. Louis; and Billy Joe Patton, Morganton, N. C.

University of Florida baseball coach Dave Fuller was a three-sport star at Wake Forest. He played baseball, basketball and football.

South Penn Loop Meeting Thursday

An important meeting of the South Penn Baseball League will be held Thursday evening at 8 o'clock at the American Legion Home, Baltimore St.

In addition to the regular business to be transacted, votes will be tabulated on player selections made by managers in the South Penn and Pen-Mar Baseball Leagues for the all-star teams which will meet June 15 in Littlestown to raise funds for the Warner Hospital Building Fund.

PEP TO FIGHT CAM TONIGHT

BOSTON — Willie Pep, two time former featherweight champion, is fighting Joey Cam of East Boston tonight at the Arena strictly for the money.

The scheduled 10 rounder will be televised nationally (ABC) at 10 p.m. (EDT) with New England blacked out.

"What honor is left for me?" asks the 3-year-old Pep, who has lost only seven of 196 fights in 16 years of professional boxing.

Pep is getting \$4,000 in television money as is Cam. In addition Pep is signed for 25 per cent of the net gate receipts while Cam is slated for 20 per cent.

The fight takes the place of the Jimmy Carter-Wallace (Bud) Smith lightweight championship originally scheduled for this date but postponed until June 29.

Cam has won 32 of 37 pro bouts and has an elusive style to challenge Pep's experience. He was formerly tutored by Pep.

Eastern League

By THE ASSOCIATED PRESS
A single run has become a mighty obstacle to the Eastern League's Albany Senators.

When Clell Hobson's ninth-inning, bases-loaded single gave host Reading a 6-5 victory last night, it was the fourth time in five games that one run had meant the Senators' demise. Albany, dead last, now has lost eight straight.

The victory was Reading's fourth in a row and seventh in eight games. It moved the Cleveland farmhands into second place, three lengths back of Williamsport and a half game ahead of Binghamton.

All other games were postponed because of bad weather.

PUSH PROBE OF SPORTS GROUP

HARRISBURG — The House Conservation and Wild Life Committee intends to resume its investigation into operations of the State Fish Commission as soon as the Senate confirms the appointment of four commissioners.

"We will resume our open hearings as soon as feasible, possibly next week if the Senate acts this week, and the subject once again will be the Fish Commission," said Chairman Harris G. Breth (D-Clearfield).

The committee, appointed early in the session to look into all Pennsylvania's fish, game, water and forest resources, temporarily halted activities a month ago while looking into fish matters.

Last week Gov. Leader named Gerard J. Adams, Hawley; Albert R. Hinkle Jr., Clearfield; R. Stanley Smith, Waynesburg, and Charles C. Houser, Allentown, to the commission. The bill expired terms of four members including Paul F. Bittenbender, Wilkes-Barre, the president, and Louis S. Winner, Lock Haven, vice president.

Breth says he has no doubts that the Senate will approve the appointments soon.

The committee already has held four or five interviews with the old commissioners and commission staff members. It has criticized the commission for paying what it termed pitiful salaries, lack of a stream improvement or acquisition program and lack of a public works program.

SAY SANTEE IS RISKING STATUS

SAN FRANCISCO — The Chronicle said today Wes Santee, U.S. Olympic team aspirant, is risking his amateur standing by accepting "far more than legitimate expense money in his current California appearances."

The Chronicle said Santee would receive about \$3,000 "in expenses" for five races in California within a month, "a sum far in excess" of the maximum allowed by National Amateur Athletic Union rules.

The Legion was the victim of a brutal 29-4 beating at the hands of the Texas Lunch as they played their initial game in the Community Softball League, Tuesday evening. The Lunchmen had dropped their first game to the Eagles.

The Legion pulled a surprise by jumping to a quick 1-0 lead in the first inning when Don Smith took first and went to third on a pair of infield miscues, then tallied on a pass ball. The Lunchmen soon ended the Legion's lead as the tallied four times in the top of the second. Singles by Heintzelman and Hankey, free passes to Timbers, Montfort and Ketterman, two Legion errors and a long triple by Bartholomew accounted for the four runs.

Smash Records
In the bottom of the third the Legion to knotted the count at 4-4 and at the same time added their final three runs. Smith and Olson led off the inning with singles, McKee popped out, and three errors put Ridinger on third and helped Smith and Olson to score. A single by Bill Gormley drove Ridinger home.

The Texas Lunch then went on to add two runs in each the fourth and fifth innings and a record breaking 21 runs in the last two frames, 12 coming in the seventh. The feature of the big innings was a pair of home runs by Fissel in the seventh. Paul Ketterman hit the only other round-tripper.

Other record breakers included 14 earned runs by one team in any game. Myers gave up 21 hits, the most by any pitcher. The total number of errors in any game was 19, just three short of the record.

A double by Ken Hull in the sixth inning with a man on gave the Lions a thrilling 2-1 victory over the league-leading G. L. Bream team on the Little League diamond Tuesday evening. Hull's double broke a three-game losing streak by the Lions and also gave the Breammen their first loss against three wins.

Leading 1-0 going into the top of the sixth, Homer Miller took first via an infield error. He then went to second on a ground out and advanced to third on another Bream miscue. Hull then belted the first pitch into deep center field for a two-bagger, driving in Miller.

The Garagemen came up with a run in the bottom of the sixth. Hardy Nichols singled, and came all the way in on three straight miscues.

The Lions tallied their initial run in the third to take a quick 1-0 lead. Tom Kuykendall walked, and went to third on two passed balls. The next two men struck out before Homer Miller lashed out a single bringing home Kuykendall.

The Garagemen threatened in the second when they loaded the bases with two outs but Johnny Ahrens settled down and fanned the last man. In the third the league-leaders put men on second and third by way of Nichols double to left, but a snappy Lion double play erased that threat.

The pitching was near perfect from both sides. John Ahrens, who is tackling his first pitching chores, struck out five, walked only two and gave up six sacrifice hits for his first win. Wayne Fissel boosted his total of strikeouts to 19 when he fanned nine more Lions. Fissel also gave up only one free pass and allowed three hits. Fissel is charged with the loss against one win.

The winners' hitting attack was led by Miller's and Thomas' singles and Hull's double. Nichols collected two safeties to pace the losers.

State Begins New Fiscal Year Without Tax Measure

HARRISBURG (AP) — The books opened today on the commonwealth's new two-year fiscal period with no signs of how the budget will be balanced.

Gov. Leader's 411 million dollar classified income tax is in the House Ways and Means Committee where it has been since it was introduced April 26. Leader had asked it be enacted by today so that collections could start July 1.

Chairman George J. Sarraf (D-Allegheny) said he won't call a meeting on the income tax until the Democratic leadership is assured it has the necessary 106 votes to pass it in the House. This seems unlikely at the moment since Rep. Matt S. Anderson (D-Allegheny) said he and 15 other Democrats, whom he did not identify, will "stand like the rock of Gibraltar" in their opposition to the income levy. Democrats can afford no more than six defections in the face of solid Republican opposition to the income levy in the House.

Wait On Hearings
But the Democratic leadership wasn't expected to make any move in the income levy until after the House Appropriations Committee completes hearings, probably in two weeks, on the commonwealth's proposed \$1,800,000,000 budget for the new biennium.

Meanwhile, the governor awaited final legislative action on the 1 percent real estate transfer tax law which expired at midnight last night.

He is expected to sign a new transfer tax law when a completed bill is rushed to him in Pittsburgh tonight. The new law contains a section which would eliminate the possibility of free deed transfers. The yields 28 millions in two years.

The gasoline tax was renewed at its five cents a gallon rate yesterday. The governor signed the bill in time for the midnight deadline. At stake was 96 million dollars in revenue devoted exclusively to road purposes.

To Sell Forest Lands
The House last night completed action on a package of bills to bring about the sale of state forest land in North-Central Pennsylvania.

FOUR RELEASED FLIERS WINGING TOWARD HAWAII

HONOLULU (AP) — Four U.S. fighter pilots newly freed from Chinese Red captivity were winging today toward a rendezvous in Hawaii with exuberant relatives. They were due to land this afternoon.

The airmen, released yesterday near Hong Kong after more than two years in Communist China, were shot down in the Korean War. They are Capt. Harold Fischer Jr., 28, Swea City, Iowa; Lt. Lyle Cameron, Lincoln, Neb.; Lt. Col. Edwin Heller, 33, Wynnewood, Pa.; and Lt. Roland W. Parks, 24, Omaha.

The Air Force was flying nine relatives to Hawaii but they were not scheduled to arrive until tomorrow.

The fliers hailed their freedom yesterday at Hong Kong with a shout of "It's wonderful." They climbed aboard Gen. Douglas MacArthur's former personal plane Bataan.

They switched to Western-style meals—after more than two years of Chinese food—with zest. The Bataan is equipped with cooking facilities. Thick steaks were aboard.

Gets Yankee Meal
The Bataan set down on Guam

before dawn. The airmen rested two hours at Andersen Air Force Base, then pitched into a meal of fresh fruits, scrambled eggs, toast with marmalade, milk and coffee.

More fresh food was put aboard at Guam and the plane left for Wake.

The fliers ate dinner last night on Wake in a stop of about two hours. An Air Force spokesman said the meal was "plain but wholesome." They continued on another C54 transport.

The spokesman said there would be no formal interviews on arrival at Hickam but a news conference would be held tonight with "no strings attached."

The fliers will get a medical checkup after landing. They will remain here about five days.

The Air Force plane which is bringing the relatives to Hawaii will take the airmen and relatives to the mainland.

EXPENSIVE MEAL

DETROIT (AP) — Who says rabbits like only carrots? One little rascal favors Fuji-mums — dozens of 'em. Fuji-mums are rare Japanese chrysanthemums. One day a rabbit slipped into the Detroit Flower Show and nibbled up 36 of them.

Leland J. Gilmour, a horticulturist, said 36 Fuji-mums make quite a meal, even for a starved rabbit.

Three-fourths of U. S. standing saw timber is in small wood lots.

BIG CD TEST ON JUNE 15

WASHINGTON (AP) — The Pentagon is going to test the time it would take to empty the giant building of its 23,000 workers if enemy H-bombers headed this way.

The experiment, untried before, will be a part of the June 15 Operation Alert which also includes elaborate plans for 15,000 selected employees from 30 federal agencies to deploy to secret sites scattered around neighboring states.

Unlike these 15,000 employees headed by President Eisenhower and his Cabinet, the Pentagon workers won't take to the hills. They'll go no farther, in this test, than the two giant parking lots which flank the building.

In Operation Alert the proposal is for Eisenhower, Secretary of Defense Wilson, the Joint Chiefs of Staff and a number of top civilian officials to leave Washington for a two or three-day stay at secret alternate posts well away from the capital.

Eisenhower will leave the White House around noon June 15, proceed to his relocation center and remain there through the next two days. A dozen newsmen will accompany him.

The civil defense test will also include mock hydrogen bomb attacks on 50 major U.S. cities.

Some Deep South Politicians Won't Do Anything To Carry Out Court Ruling On Segregation

By CHARLES F. BARRETT
WASHINGTON (AP)—Sharply conflicting views arose today over what local public school officials are likely to do about working out plans for ending racial segregation.

Some deep South political leaders declared flatly they will do nothing. They predicted yesterday's Supreme Court decision giving local officials primary responsibility means an indefinite extension of segregation, at least for many years.

But officials of the National Assn. for the Advancement of Colored People foresaw action "without delay" to wipe out almost all racially segregated schools by the start of the school year in September 1956.

Both sides pledged to fight on in the courts.

Sen. George (D-Ga.) summed up much middle-ground comment. He said the decision, stressing local action to meet widely varying problems, was "very cautious" and seemed to mean this:

"Go slow but go."

The court's historic, long-awaited decision dealt with how best to end school segregation under its edict of a year ago that separate schools for white and Negro children are unconstitutional.

Unanimously, the nine justices declined to fix a definite deadline or order any hard and fast national procedures for erasing the traditional color line in 21 states practicing segregation in some or all of their schools.

They called instead for a

28 S. Pitt St. Carlisle, Pa.

"prompt and reasonable start." And they said "primary responsibility" rests with state and local school officials to solve the delicate problem. Federal District Court were directed to enforce, if necessary, "good faith compliance at the earliest practicable date."

Two Results Likely

Two results appeared likely: 1. The pattern of action will continue to vary sharply. Some border areas such as Oklahoma, Kansas, Kentucky, Maryland and Delaware may proceed relatively rapidly toward complete integration, despite some obstacles. Resistance will be much greater in deep South areas such as Georgia, Mississippi and South Carolina. There may also be many variations among separate counties and school districts within a single state.

2. A multitude of court tests may follow on the issue of whether local officials are following the broad outlines laid down by the court.

The decision, like the one a year ago, applied directly to school districts in Kansas, Virginia, South Carolina, Delaware and the District of Columbia. Its principles are applicable to all areas.

See Court Suits

In the five directly affected areas, further court battles still could ensue over the rate of progress toward integration. In all other areas, it's up to local officials to start integration moves voluntarily. Dissatisfied Negro parents could file court suits to try to prod them.

Some Southerners, on the other hand, stressed the wide latitude given local officials to meet local problems. Former Gov. Herman Talmadge of Georgia, long-time champion of segregation, said it wouldn't be feasible to mix races in Georgia schools "for a long, long time." Gov. Martin Griffin of Georgia said, "We will continue to operate our schools the way we always have."

LANSING, Mich. (AP)—A 1½-cent gasoline tax increase went into effect in Michigan today to finance a \$5-million-dollar annual highway expansion program. The tax is now 6 cents a gallon.

COAL WILL BE TRANSPORTED BY PIPELINE

PITTSBURGH (AP)—Now they're going to ship coal by pipeline. Impossible? It's all been worked out, and plans are virtually complete to build a 108-mile pipeline from a mine in Ohio to a utility in Cleveland.

The coal will be cleaned and pressed into small pieces. Then, mixed with water, it will be poured into the pipeline. Pumping stations along the way will keep it moving. At the receiving end the mixture will be "dewatered" and the coal stored for use.

Contract For Delivery
Pittsburgh Consolidation Coal Co. and the Cleveland Electric Illuminating Co. announced yesterday they have entered into a contract for the delivery of about 18 million tons of coal over a 15-year period.

The pipeline will extend from the coal company's Georgetown properties to the Eastlake plant of the utility.

George H. Love, president of Pittsburgh Consolidation, said construction will begin shortly. He estimated the cost between 8 and 10 million dollars.

Railroads Cooperate

The Pennsylvania Railroad, the New York Central and the New York, Chicago and St. Louis Railroad are cooperating in the project. They serve the mine and the utility.

Most of the coal produced at Georgetown, one of the largest commercial coal operations in the world, will continue to be shipped by rail, Love said.

Catch Light-Fingered Janitor With Glow

FREDERICKSBURG, Va. (AP)—Detective Hugh T. Rose spotted a janitor suspected of dipping into the petty cash box of an insurance firm after closing hours when he dusted the bills in the box with an invisible fluorescent chemical and took the serial number of the bills. When the next shortage was discovered the janitor was invited down to headquarters.

He held his hands under an ultra-violet light. And his guilt glowed.

The clincher was a couple of marked bills found in his pocket. Prepared pectin may be used to make a salad dressing that will not separate.

U.S. SECRETARY PLEADS FOR 11 JAILED FLIERS

UNITED NATIONS, N.Y. (AP)—Secretary General Dag Hammarskjöld renewed his efforts through diplomatic channels today seeking the release of 11 American aviators still held in Red Chinese prisons.

Quickly following up the release yesterday of four U.S. airmen, Hammarskjöld sent a new message to Communist Chinese Premier Chou En-lai on behalf of the 11 still imprisoned.

He also conferred with various delegates here and explored possible diplomatic means to gain their release.

The atmosphere of the U.N. was optimistic. Diplomats expressed belief that Chou would release the other fliers soon.

A diplomatic source here said that Chou had planned to announce at the start of the Asian-African conference, in Indonesia in April, that Red China was releasing the four prisoners as a gesture of amity. He reportedly changed his plans when a chartered Indian plane carrying minor Red Chinese officials was blown up en route to the conference, killing the Red Chinese. Peiping charged the United States and Nationalist China with sabotaging the plane. Both Washington and Formosa denied the charges.

Blind Piano Teacher Knows Her Fingering

LANCASTER, Ohio (AP)—When 23-year-old Georgia Griffith graduated last June from Capital University's School of Music, she planned to teach music to the blind — because she herself is blind.

But there were no positions for her in that field. So she began to instruct pupils who see. When beginners ask her how she can tell when their fingers are held incorrectly over the piano keys, she replies:

"It's very easy to tell... the notes do not sound as they should; haven't you noticed?"

RED CHINA PAL GETS BUILD-UP FROM COMMIES

WASHINGTON (AP)—Red China apparently is giving a deliberate buildup to India's V. K. Krishna Menon, a frequent bitter critic of the United States, as the man to negotiate settlements between Washington and Peiping.

Menon often follows the Communist line in international affairs. He is regarded by officials here as quite friendly to Red China.

He will be coming to the United States in a few days for United Nations meetings in New York and San Francisco. His public reputation has been so much increased by Red China's handling of the release of four U.S. airmen that officials are reluctant to give him the cold shoulder.

There is some concern here that if Menon gets too much control over the situation, he will use it to promote the interests of Red China excessively.

tude toward Menon came with its manipulation of the news of its decision to release four American pilots.

Menon made the announcement at a news conference in New Delhi Monday. Not until he had spoken out did the Peiping radio broadcast the official version. The radio itself could have broken the news. Peiping could have given the release to U.N. Secretary General Dag Hammarskjöld or to some other diplomat.

Hammarskjöld journeyed to Peiping early this year and negotiated for the release of the airmen for the past six months.

Secretary of State Dulles sent messages of thanks to both Hammarskjöld and to Menon's chief, Indian Prime Minister Jawaharlal Nehru. He thus sought to put Hammarskjöld's efforts on a par with those of Menon's.

Today the thin-faced, thick-skinned diplomat who once patched together a meager existence as a teacher and writer of cheap novels in London is India's ambassador to the United Nations and Nehru's chief foreign policy adviser.

At the U.N., Menon has raked the United States over the coals many times. Most officials seem to regard him as being primarily concerned with India's own interest in neutralism and peaceful settlements — willing, perhaps, to make peace at almost any price.

RAIL STRIKE IN BRITAIN BRINGS UNEMPLOYMENT, NO BREAK NEAR

By HAL COOPER

LONDON (AP)—Widespread unemployment within 48 hours threatened Britain today as the nationwide railroad strike went into its fourth day.

Armed with "state of emergency" powers proclaimed last night, Prime Minister Eden's newly re-elected Conservative government hoped to marshal a great fleet of trucks, buses and private cars to move goods and workers for essential services.

But this promised little or no help to the nation's huge industrial plant, confronted by dwindling supplies of raw materials for lack of trains to replenish them and mounting piles of finished products that could not be hauled away. Some plants already were sending workers home.

The nation's vital export drive,

already hit by a stubborn 10-day-old dock strike, faced a crippling slowdown whose effects might last for months.

The 70,000 members of the striking Associated Society of Locomotive Engineers and Firemen stood pat on their demand for a \$1.12 raise in their present base weekly pay of \$27.30.

Fearful of setting off a new spiral of wage and cost rises, the managers of the state-owned railways refused to go above 70 cents a week for crews on main line trains and 35 cents for the others.

No Sign Of Break

There also was no sign of a break in the strike of dock workers demanding bargaining recognition for the smaller of Britain's two unions of stevedores. Nearly 20,000 men were out in six ports yesterday, an increase of more than 1,000 since Saturday. A total of 120 ships were idle.

An almost solid front of public and trade union hostility lined up against the striking railmen.

The emergency regulations permit use of troops as train crews to break the strike, but this appeared unlikely because few soldiers are qualified as locomotive crewmen. A government spokesman stressed the Cabinet has no plans at present for using the army except to help move the

mails. Some 750 soldiers in 250 army trucks already are helping with postal deliveries.

Wide Emergency Powers

Under the emergency powers, the government also can requisition vehicles and can waive licenses required for the carrying of freight and passengers. It can also ration gas, coal, electricity, and gasoline and set up a system of priorities for the hauling of goods and workers.

Because Parliament must approve the emergency regulations "as soon as possible," Eden moved up the convening of the new House of Commons for business to June 9, five days earlier than scheduled.

Add minced anchovies to a mixture of cream cheese and butter for a delicious filling for party sandwiches.

NEW POSTAL BILL DUE FOR EARLY ACTION

WASHINGTON (AP)—A new postal pay bill headed toward almost certain Senate passage today.

It is designed to meet President Eisenhower's objections to an earlier bill which he vetoed and which died when a Democratic move to override the veto was defeated in the Senate.

The new bill, sponsored by Chairman Olin D. Johnston (D-S.C.) of the Senate Post Office and Civil Service Committee, calls for pay boosts averaging about 8 per cent

for the 500,000 postal employees.

It carries a raise of at least 6 per cent for all of the workers, plus reclassification features which mean considerably higher increases for those in upper brackets.

Sen. Carlson (R-Kan), senior Republican on the committee, said he thinks the measure meets Eisenhower's objections to the previous bill which carried increases averaging 8.6 per cent, with a 7 per cent floor and with fringe benefits boosting the over-all increase to 8.8 per cent.

Eisenhower said the increase was too great, and that proposed reclassification provisions did not remove inequities in pay scales.

The vetoed bill would have cost about 179 million dollars a year, as compared with 164 million in the new measure. Present pay scales were fixed in 1951.

REUNION FOR STAGG AND '05

CHICAGO (AP)—Amos Alonzo Stagg, "the grand old man of football," returns to the scene of his greatest triumphs today for a reunion with some of his old University of Chicago Maroons.

Along with Stagg will be his wife and "assistant" coach, Stella. On hand to greet the 92-year-old "youngster" will be eight members of the famous 1905 football team which went undefeated to capture the Western Conference title.

Stagg began coaching at the University of Chicago in 1892, the year the school opened.

He coached through 1932 when

he was automatically retired at the age of 70. Unwilling to sit back and watch, Stagg later coached at the College of the Pacific where his 1943 team upset enough national powers to gain Stagg the "Coach of the Year" acclaim.

After his tenure at the College of the Pacific and having passed 90, Stagg served as advisory coach to his son, Amos, Jr., at Susquehanna University (Pa.) before retiring to Stockton, Calif.

PERMANENT SHERIFF

VICTORIA, Va. (AP)—Sheriff A. B. Shackleton, 83, says people aren't any worse now than they used to be. He's been sheriff for 60 years. He says he's been in office longer than any other sheriff in the nation.

But after his present term expires he says he is going to retire "and stay at home with my pretty wife."

Contribute Services For Student Benefit

WEST HEMPSTEAD, N. Y. (AP)—A music education program that doesn't cost the taxpayers a penny is taking shape here. The West Hempstead Symphonic Society will give instruction in the reading and performing of symphonic music to interested students and give concerts to raise funds for music scholarships.

Joseph Emonts, cello soloist of the New York Philharmonic orchestra, is credited with being the father of the society. Other prime movers are Archie Bleyer of radio and television; Samuel Gardner, a former teacher of strings in the Juilliard school; and Lt. Herman Vincent, conductor of the First Air Force band at Mitchell Air Force Base.

All concerned contribute their services free.

TANEYTOWN TO HOLD ELECTION NEXT MONDAY

Taneytown will hold its annual municipal election Monday, when an estimated 250 to 300 citizens will cast their ballots at the Municipal Building, between noon and 6:30 p.m.

Three of the town's five town councilmen will be chosen at this balloting for two-year terms. The other two, as well as the mayor, will be elected next year.

Two of the councilmen are running for re-election. They are Harry Mohney, a Mill Ave. huckster, who has served on the council for four years, and Raymond F. Davidson, a York St. bread salesman, who has served one two-year term. The third incumbent, Merle S. Baumgardner, E. Baltimore St., is retiring after 23 years' service on the council.

Nominate May 16
Three local men are opposing the two incumbents for the three seats. They are Samuel E. Breth, School Lane, manager of the local Pottomac-Edison office; George W. Motter, York St., an employee of the Cambridge Rubbert Co., and James C. Baumgardner, York St., proprietor of the Central Hotel.

The candidates were nominated at a May 16 public meeting. A sixth candidate is being sought for the ballot by a committee selected at that time. This committee consists of Norville Shoemaker, chairman, Harry Dougherty, and Merle S. Baumgardner.

Municipal elections in Taneytown are nonpartisan, with no party labels being placed on the ballot.

End Of Segregation Hinges Of Cooperation And Courts

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP) — It will be years before racial segregation in public schools is wiped out everywhere in this country—in spite of the Supreme Court's order to end it—and then probably only after a lot of court fights.

The rate at which segregation disappears depends upon the cooperation or defiance of individual states with the high court's decision.

Officials in five places—the District of Columbia, Virginia, Delaware, South Carolina and Kansas—were told by the court they would have to begin promptly to work out a plan for abolishing segregated schools.

But authorities in all other segregated states can try any dodge they can think of to get around the court's ruling.

... Ruled On Appeal ...

On May 17, 1954, the court ruled on an appeal by Negroes who protested against segregation in the District and the four states mentioned above. The court said public school segregation is unconstitutional and had to stop. But

it did not say how and when.

The court then asked all the states with segregation to chew over the problem and appear later with suggestions for wiping out their double school systems.

In April the nine justices listened to attorneys for the Negroes, attorneys for the segregated states, and U.S. Solicitor General Simon E. Sobeloff, who represented the Justice Department.

The Negroes asked for an end to all segregation no later than September 1956. Generally, the states asked the court not to fix a deadline. Rather, they said, the court should let federal district judges work out the problem with officials in their states and local communities.

Sobeloff also suggested federal district judges be allowed to handle desegregation with the authorities within their jurisdiction. The idea behind this was that different communities have different problems.

Yesterday the Supreme Court gave its decision. It did not say precisely how or when segregation shall be ended.

The court, addressing itself to

Sun-Heated Stoves May Help Arab Poor

BEIRUT, Lebanon (AP) — Poverty-stricken people in the Arab world soon will be able to take advantage of their most abundant natural resource — sunshine. Dr. Adnan Tarceci, has invented a cooking stove which uses the sun's rays. An Egyptian firm has contracted to turn out 18,000 such stoves yearly.

"One third of a worker's salary often is spent for fuel," Dr. Tarceci says. "While from eight to nine months a year the sun shines all day."

Forests on any extensive scale disappeared from the Arab world before the dawn of history. Deposits of coal are rare. Peasants have had to pay dearly for kerosene, charcoal, or plain wood for cooking. Dried animal manure is the chief cooking fuel. Use of manure for cooking in turn deprives the land of natural fertilizer.

Kitchen tip: add sugar and flavoring to heavy cream you are whipping after beating long enough so the cream has begun to thicken. Two to three tablespoons of confectioners' sugar is about right for one cup of cream.

WORLD'S LARGEST HOME TREATMENT FIRM TELLS TRUTH ABOUT HAIR AND SCALP

"SOME OLDER METHODS ARE GOOD
BUT OURS WILL DO WHAT WE SAY"—OCHS

This new method of home treatment for saving and growing thicker hair will be demonstrated in Gettysburg, Pa., Thursday only, June 2, 1955.

The private individual demonstrations will be held at the Hotel Gettysburg, Thursday only, June 2, 2 p.m. until 9 p.m.

OKLAHOMA CITY—May 31—In an interview here today R. W. Ochs, internationally famous Hair and Scalp Consultant and director of The House of Winston, said: "There are 23 common hair and scalp disorders that cause most men and women to lose hair. Using common sense, a person must realize no one tonic or so called cure-all could correct all the disorders," he explained.

Double Guarantee

"The Winston firm, recognizing that most people are skeptical of claims that hair can be grown on balding heads, offers this guarantee," Ochs said.

Once a person avails themselves to the Winston treatment his skepticism immediately disappears. To insure this, Winston offers two guarantees. "First, if you are not completely satisfied with your hair progress in the very first 30 days after enrollment your money will be returned. Second, The House of Winston also guarantees complete satisfaction at the end of treatment, regardless of conditions," Ochs emphasized.

Hopeless Cases Discouraged

First the Winston consultants are quick to tell hopeless cases that they cannot be helped. But the "hopeless" cases are few. Only if a man is completely, shiny bald is he in this lost category.

If there is fuzz, no matter how light, thin, or colorless, the Winston firm can perform wonders.

Everyone is given a complete private examination to determine the condition of his scalp, and cause for his hair trouble.

Free Examinations

This examination is very thorough and highly technical, it requires 20 to 30 minutes. There is no charge for this examination and no appointment is necessary. After the examination he is told the required length of treatment and how much it will cost.

After starting treatment, he makes regular reports to the Winston firm in Oklahoma City, and a consultant will return to check his progress periodically.

To spread the opportunity of normal, healthy hair to the thousands who are desperately looking for help, the Winston firm is sending specialists to various cities throughout the United States to conduct examinations and start home treatment.

"We have no cure-all for slick, shiny baldness," Ochs emphasizes. "If there is fuzz, the root is still capable of creating hair and we can perform what seems to me a miracle."

There is one thing Ochs wants to be certain every man and woman knows. If a recession appears at the temples or a spot begins to show up on the crown of the head, there is something wrong and it should be given immediate attention.

Hair For Lifetime

"If clients follow our directions during treatment, and after they finish the course, there is no reason why they will not have hair all the rest of their lives," Ochs said. "Our firm is definitely behind this treatment, and offers a lifetime guarantee. It all depends on the individual client's faithful observation of a few simple rules."

How's Your Hair?

If it worries you call Consultant William Spivey at the Hotel Gettysburg in Gettysburg, Pa., on Thursday only, June 2, 2 p.m. until 9 p.m. The public is invited. You do not need an appointment. The examinations are private and you will not be embarrassed or obligated in any way.
